

# Silca System

## Environmental Statement

Made in New Zealand

100% Recycled Plastics

### Overview

Structural tile & paving support grates made from **100% recycled plastics**

### Key Environmental Metrics

**230,875 kg**  
Plastic Diverted  
from Landfill

**100%**  
Recycled  
Plastic  
Construction

Made in  
New Zealand

UV Stabilised  
for Long Life

Permeable Deck  
& Patio Support

### Specification Benefits

100% Recycled Materials

Permeable Surface Design

UV Stabilised Durability

Landfill Waste Reduction

> Landfill Waste Reduction

> Natural Water Drainage

## Sustainable Construction

Converting Plastic Waste into Long-Life Building Solutions

Proudly Made in New Zealand from 100% Recycled Materials
